## THREE MORE SLEEPS!

The Log Cabin has been busy with all you voyagers coming in to pick up Cruise Kits and Boarding Passes... we're getting ready to set sail with 175 passengers! Some of you are watching in your bubbles with a few of you together, so we've got about 100 "screens" joining us on deck and with only 112 chairs available, we've filled up this party nicely!

Restaurants have been notified of your orders and when you pick up your Boarding Pass, we'll ask you to confirm your choices.

**Boarding passes & Cruise kits are available for pickup through Wednesday at 5:00 pm.** We'll be racing around on Thursday to find you if you haven't stopped in or made other arrangements (please call or email if you can't come in!)

**LAST MINUTE TRAVELER?** If you're planning to race in late, the login process does take a few minutes and you'll need to confirm your registration from your email and THEN it wants you to check your mic & video and take you through an intro... (and it feels like an eternity if the ship is pulling off the dock).

We want you relaxed on this voyage – so if you have 10 minutes today, take advantage of the early check-in.

If you have more time and want to review all of the helpful hints to getting around on the ship, we've posted them here <https://bellevillechamber.ca/presidents-dinner-cornerstone-awards-2021.php> and we'll continue to add tips and tricks as we get closer!

NEXT BULLETIN ARRIVES ON THURSDAY! Watch for it...
